

SUMMARY

Enthusiastic third-year engineering student with a passion for crafting seamless user experiences and building robust digital products. As a Design-Driven Developer, I blend a solid foundation in engineering with a keen eye for design to create intuitive, aesthetically pleasing, and technically sound solutions. I am committed to growing in both creative and technical dimensions, continuously learning emerging tools and trends to deliver impactful digital experiences. Eager to contribute meaningfully to forward-thinking projects that prioritize both user experience and functional excellence.
